

FAST FACTS & SOCIAL MEDIA TOOLKIT

DID YOU KNOW?

Each year, our Camp Invention® program hosts National Inventors Hall of Fame® Inductees.

Here are a few big names:

Eric R. Fossum

Inventor of the CMOS Image Sensor

Frances Ligler

Inventor of Portable Optical Biosensors

Edmund O. Schweitzer III

Inventor of the Digital Protective Relay

James E. West

Inventor of the Electret Microphone

“CURIOSITY AND EXPLORATION ARE THE ESSENTIAL STARTING POINTS OF INNOVATION. WE HAVE TO CULTIVATE THAT IN OURSELVES, AND IN YOUNG CHILDREN, BECAUSE THAT’S WHERE IT STARTS.”

– Sumita Mitra, National Inventors Hall of Fame Inductee and inventor of nanocomposite dental materials

CAMP INVENTION OVERVIEW

The Camp Invention program is the only nationally recognized, nonprofit summer enrichment program for rising K-6 students that is inspired by the brightest thinkers around — the Inductees of the National Inventors Hall of Fame. Children are empowered to have big ideas while they take on challenges that inspire them to question, brainstorm, collaborate with teammates and build amazing invention prototypes!

Wonder, Camp Invention’s 2023 program, sparks excitement and inspiration as children engage in hands-on challenges, discover world-changing Inductees, and build their confidence as creators and innovators.

BECOME A SPONSOR

Join our commitment to inspire the next generation of curious minds to innovate. Contact us at sponsor@invent.org.

- Over 197,000 underserved children were impacted in 2022

INVENTION CELEBRATION™

Campers become awesome event planners when they invent a party assistant and use the science of sights, sounds and circuitry to host an epic celebration.

CATCHING AIR™

Children combine physics and creativity to build a mini skate park complete with ramps, rails and ledges to practice persistence as they try out rad tricks with a custom mini skateboard.

MIMICBOT™

Children explore nature, genetics and adaptive innovation as they turn an imitating robot into a one-of-a-kind animatronic stuffie with inspiration from nature's mimics.

POP-UP VENTURE™

Campers dream up their own pop-up business and bring it to life using entrepreneurship skills, green energy choices and communication through advertising.

LET YOUR SOCIAL CIRCLE KNOW ABOUT CAMP INVENTION!

Like Camp Invention on Facebook

 Campers will gain confidence and discover the power of their imaginations during the new @CampInvention program, Wonder, as they design a rad skate park, create a walking, talking robotic stuffie, build a dream pop-up shop, and invent a party assistant for an awesome celebration. Learn more and register at invent.org/camp.

 Let your child's imagination run wild as they transform their own robotic stuffie, build a rad skate park, throw an epic celebration, launch a dream business and more at @CampInvention. Sign up today at invent.org/camp.

 Your kids will be able to bring #STEM concepts to life through exciting, hands-on experiences as they build confidence and make friends at @CampInvention! Learn more and register at invent.org/camp.

NATIONAL INVENTORS HALL OF FAME

The National Inventors Hall of Fame was founded in 1973 in partnership with the United States Patent and Trademark Office to honor the individuals who conceived, patented and advanced the greatest technological achievements of our nation. Since then, the organization has evolved to be the nation's leading nonprofit providing invention education programs, competitions and events. We believe our role as a Hall of Fame is to not only honor the individuals whose inventions have made the world a better place, but also to ensure American ingenuity continues to thrive in the hands of coming generations. This belief is what drives our mission to recognize inventors, promote creativity, and advance the spirit of innovation and entrepreneurship.
